## TO DECIDE ON COUNTY AGENT

Meeting of Citizens Called For  
Next Tuesday to Discuss the  
Matter With the County  
Board of Supervisors.

A mass meeting has been called to meet next Tuesday, notice of which has been given in this paper for several weeks. One purpose of which is to advise what action shall be taken by the Board of Supervisors as to continuing the office of county demonstrator for the county. As we understand it, the result of the action of this meeting will govern the action of the Board. Other important matters will be taken up.

In this connection, attention is called to a communication in this issue from President Lawson and the Board of Directors. It is a ringing call to action and harmony. As this paper has said heretofore, there should not be any clashing of interests.

The farmer is the friend and servant of all. When the farmer prospers, everybody prospers. Interest on earth may prosper. Hence the farmer, and we keep bread from our children's mouths and clothes from their backs. The farmers cooperative Association is not—does not claim to be—a faultless organization. Men are fallible but as a rule teachable unless swayed by prejudice and selfish motives. Faults and evils are not corrected by street talk and criticism. Reformation and regulation should come from the inside. Mr. Lawson well says: "There is more in front of us than behind us." In this new day the farmers are being recognized, and are rapidly coming into their own, and the only force that can possibly retard and annul their efforts will come from the farmers themselves—from the inside, not the outside.

Read Mr. Lawson's letter and "when the roll is called" next Tuesday be there to answer to your name.

A Call To The Farmers.

Burkes Garden, Va., Feb. 2.

Members Tazewell County Farmers Association,

Gentlemen:

The annual meeting of the Association will be held on Tuesday, Feb. 10, 1920, at 1 p. m., in the Court House at Tazewell, Va. The annual meeting of the Shorthorn Association has also been called for this time and the Supervisors will put the question whether or not we shall keep a County Agent up to the people at this meeting. This will be a greater and more important meeting than any we have ever had. The future success of our organization will largely depend on what is done at this meeting. Proposed plans of reorganization will be offered for both associations which will mark a great step forward in our work. We have a great and powerful organization and our progress has been phenomenal. We have tasted of cooperation, an economic necessity for the future progress of the farmer, big and little. We must drill and educate into ourselves the fundamental principles of success in cooperation: First, honest, able, and energetic leadership and management, free from any conflicting interests. We shall keep a good and impartially to all. Second, a membership insisting on management with the above qualifications, regardless of friendship, relation, politics, or religion. Third, a loyal membership, every member a worker, loyal to your leaders, your association and the cause and asking no personal favors. Fourth, expulsion of all slackers, traitors, and knockers without just cause. You are doing nothing for your Association if you limit yourself to taking advantage of its cheap prices. Any one will do that. We must have stormy days; stand firm, don't go with the wind as chaff, don't tolerate dishonesty. Don't be advised by opposing interests, don't sell yourself out because of an honest mistake; we all make them, and don't scatter but stand united to reap the benefits and correct faults alike.

Wake up to both your opportunities and obligations, for there is more in front of than behind us. Come to this meeting and be on time. It is both a privilege and duty. When the roll is called will you be there?

Yours truly,

R. M. LAWSON, Pres.

W. O. LINES,

W. S. THOMPSON,

R. S. MOSS,

M. L. PEERY,

Virginia Schools Must Win.

School supervisors in Virginia are said to be determined to win the contest now underway with the North Carolina supervisors for the honor of making the best record in organizing saving societies in the public schools.

In the recent contest between North Carolina and South Carolina the Old North State was winner by a wide margin.

Miss Ida B. Smith, who is supervisor of public schools for Tazewell County, is looked upon, it is said, as one of the most active and enterprising workers in the Fifth Federal Reserve District, and is expected to make an excellent showing in this section. If other supervisors are equally successful it is believed that this state will win the contest.

There are many more school supervisors in Virginia than in North Carolina, and in many instances, they are working in teams of two or more to a county. Therefore—and practically all of the North Carolina supervisors are working singly—it was decided that the Old North State should fairly be given a handicap. This was fixed at the ratio of two to five, which means that North Carolina supervisors are expected to organize two savings societies for every five organized in Virginia.

In North Carolina the contest closes this week; in Virginia it will close February 13th—each running two

weeks. Other parts of the district are watching the race with considerable interest. Both states in the contest have made good records, and it is agreed that each will have to put forth extraordinary efforts if it expects to win.

Dr. Peter Winston.

The death of Dr. Peter Winston, an account of which appears elsewhere in this paper, comes as a source of grief to many people in Southwest Virginia. As a member of the State Board of Charities and Corrections, he made annual visits of inspection of the jails and almshouses of this section, and formed a wide acquaintance with many prominent people, who held him in the highest esteem.

For years and years Dr. Winston has been loved and venerated in our home—one of the best and truest friends we ever had. When a telegram to his niece, Mrs. J. A. Leslie, received last Saturday morning announced his passing, we felt and knew that a good and great friend was taken from us. Few men have been better prepared to live and none better prepared to die. J. A. L.

What The Louisville (Ky.) Post Says Of "Cheer Up Mabel."

"The Fox Comedy Company, presenting Nyrva Brown and John Getz in a musical comedy, 'Cheer Up Mabel,' opened a week's engagement at the Jefferson Theatre, (Sunday Jan. 18th) to crowded houses yesterday.

Miss Brown, the prima donna, scored a decided hit early in the piece with her rendition of her song, 'Bubbles' assisted by the full chorus of beautifully costumed girls. Another song and dance number in which Miss Brown delighted the patrons was the Hawaiian Beach Serenade. John Getz, imitating funny, kept the house in an uproar throughout the entire performance. His 'Landlord Blues' went well with his hearers. W. Barbee as Jasper, a colored porter, furnished some good negro comedy and H. Green, as Antonio Caruso, an Italian cook, made up the trio of comedians.

Miss Betty Carle, cleverly portrays an Oriental comely. The Fox Quartette was warmly applauded. Tickets now on sale at Jacksons.

Lewis-Brittain.

A quiet home wedding took place at the home of the bride on Monday afternoon at 5:30 o'clock, when Miss Sallie Brittain became the wife of Mr. G. M. Lewis. The ceremony was performed by Rev. W. S. Ballard, of Bluefield, former pastor of the bride. Only a few of the immediate relatives and close friends of the bride were present. Music for the occasion was furnished by Miss Elizabeth Jackson, piano, and Misses Eleanor Russell, Louisa Witten and Lucy Scott, violins, members of the High School Orchestra.

The bride is the attractive and popular daughter of H. P. Brittain, County Treasurer, and has been a prominent member of society and church, and for a number of years teacher of music in the Tazewell High School. The groom is a native of West Virginia, and is now connected with the Kansas City Tire and Rubber Co.

The presents to the bride were numerous and costly.

After a wedding tour of Eastern cities, Mr. and Mrs. Lewis will make their home at Kansas City, Mo.

## FARMERS BANK IS NOW OPEN

New Financial Institution Has  
Elected Officers and is Ready  
For Business—Will Pay Interest on Time Deposits.

The Farmers National Bank, has opened its doors for business, this formality having been complied with last Monday morning when President R. C. Chapman cleared up a corner of the banking room, in the absence of cashier Russ, who had the flu, and began business. Since that time progress in the completion of the banking room has been made, and it has begun to take on the appearance of a financial institution. The vault and safe deposit boxes and other necessary paraphernalia are in place, and within a few days business will be carried on in earnest. Much of the furniture for the banking room has not arrived, altho shipped sometime ago, but is expected in a short time. It is the purpose of the new bank according to its promoters, to make the institution progressive in every way, and with this end in view a progressive cashier was secured, Mr. Aaron Russ, of Honaker, Va., who has for a number of years been cashier of the First National Bank at Honaker, having made the Honaker bank one of the strongest and most progressive in the Southwest. He proposes doing the same at Tazewell, and with the strong board of directors and officers in charge of the institution here giving him their loyal support, he feels that the prospect for the new bank is very bright.

The Officers.

The officers of the new bank are R. C. Chapman, President; H. E. Harman, Vice-President and Aaron Russ, cashier. The directors: R. C. Chapman, H. E. Harman, E. R. Boyd, H. G. McCall, A. Z. Litz, J. A. Grever, S. B. Ward, John G. O'Keefe Aaron Russ.

A savings department will be established, and the advantage of systematic saving will be explained to those who may be interested. Safety deposit boxes will be for rent, every accommodation will be offered to the public, and an effort made to attract the business of firms, corporations, and individuals. Small accounts will be given the same consideration as large ones.

What America's Greatest Dramatic Paper Says About "Cheer Up Mabel."

Something similar in name to many other plays but distinctly different is 'Cheer Up Mabel' now playing at the Eltinge Theatre in New York City.

'Cheer Up Mabel' is a thoroughly amusing entertainment in two acts and four scenes. The book is really clever; it is admirably cast and is richly and sumptuously produced. The music is luring and attractive; one number especially charming, is 'Bubbles' sung by Nyrva Brown in the first scene and repeated with brilliant effect thru several of the scenes.

The theme is rather an unusual one. John Getz, plays the part of Wheizy, the guard, in his usual spirited manner and is funnier than a barrel of monkeys is the best role he has had in a long time. Miss Brown is brilliant, beautiful, and magnetic, and besides a voice, has wonderful dramatic ability. The Egyptian dance in the final scene was one of the most attractive features of the evening.

The chorus was pretty, danced well and looked well and there is no reason why, taken in its entirety does not make a long run.—Billboard.

Tickets now on sale at Jacksons.

Articles Found And Not Found.

This paper has been reasonably successful in locating lost articles. In some notable instances—no.

Mrs. Walker lost turkey was located, some one reported, on the premises of the well known lawyer, Jas. W. Harman, a near neighbor.

The little Bustin boys' maltese kitten, was located and promptly returned. "The cat came back," but was reported gone again. It wouldn't stay put. If it cat won't stay put when he is put, we have no way to make him stay put. But, sad to record, the Editors monkey wrench, buggy collar and hames, chop saws, his apple butter stirrer, hand scales or balances, have never shown up. These articles of merchandise are mourned as lost—gone for good. No reward was offered for these lost articles as the whole bunch wasn't worth more than a quarter. The Editor didn't think it would pay to throw good money after bad money.

## Buchanan-Hardin.

The marriage of Miss Mary Hassell Hardin, daughter of Mr. and Mrs. Edward Jones Hardin, of Tazewell, Tennessee, and Mr. Isaac Buchanan, of Buchanan, formerly of Tazewell, Va., now of this city, was solemnized Thursday evening at 8 o'clock at the lovely suburban residence of the bride's aunt and uncle, Mr. and Mrs. William M. Goodman, of Beverly.

Rev. Dr. Walter C. Whitaker, rector of St. Johns Episcopal church, officiated, using the impressive ring ceremony.

Mr. Buchanan was two years in military service with the Seventh division overseas, returning to Knoxville upon his demobilization and entering business here. A series of beautiful entertainments have been given for the happy couple prior to their marriage.

In planning for the wedding of her niece, Mrs. Goodman opened her entire house for the reception of guests.

Bridal colors of green and white predominated in the decorations of the reception suite.

The bride has as her only attendant, Mrs. Arthur Whitaker, (Miss Alex Field) a recent bride, who was her matron of honor.

Mrs. Whitaker wore a gown of rose georgette and carried a Colonial bouquet of violets.

The bridegroom has as his best man his brother, Mr. A. C. Buchanan.

The bride's gown was of white lace. Her tulle veil was held with a coronet of orange blossoms and she carried a shower bouquet of bride's roses and orchids.

The bride and bridegroom left for a visit with relatives in Virginia and will be absent for a fortnight. Upon their return to Knoxville, Mr. and Mrs. Buchanan are to be at home to friends at the Vendome.

Both young people have a host of friends in Knoxville who are delighted to know that in their marriage they will not make their home elsewhere.

B. Buchanan, of Tazewell, Va.; Mr. J. M. Moore, of South Carolina; Mr. A. C. Buchanan of Tazewell, Va.; Knoxville, (Tenn.) Journal and Tribune.

The house, which suited most admirably for the occasion, was handsomely decorated with potted plants and featured a color scheme of green and yellow. A very attractive feature of the reception was the appropriate music rendered by Mrs. A. S. Higginbotham and Mrs. A. G. Russell.

A salad plate was served by Misses Maria St. Clair and Mary Moore.

Mrs. Buchanan's guest list included, in addition to Mrs. L. C. Buchanan and Miss Parker, the following: Messdames A. B. Buchanan, Mary Alderson, P. D. Johnston, J. P. Williams, A. S. Higginbotham, A. E. B. Scott Sends us a Good Coon Story, But None of the Coon Meat.

E. B. Scott, of Cedar Bluff, sends to this office by Captain W. G. O'Brien who was in that community this week, a coon story that puts it over anything that has yet come out of Graham. Mr. Scott says, according to the Captain, that Jim Lester caught ten coons from one hole on South Mountain one day last week, and that as evidence of it Mr. Scott received one of the big fat fellows for his table. Lester is the same man who had an experience with a bear some years back, which he well remembers. This coon story is passed on our dear readers who like to read of such things. Ten coons from one hole. That's goin' some.

The Reason Why.

Below you will find ten reasons why I bought a Ford car.

1. Because nearly one hundred percent of the best business men in the country are using Fords.

2. Because of its simplicity and accessibility.

3. Because it will stand more use and abuse than any other car, regardless of price.

4. Because it is the most economical car to operate.

5. Because I can use it for both pleasure and business, go to mill or salt the cattle in it.

6. Because it will cross deeper water than any other car.

7. Because I can sell it any day with practically no depreciation for the first year.

8. Because the parts cost less by about one-half the price of parts in other cars.

9. Because I can buy parts at almost every cross-roads in the country.

10. And the best reason of all is it takes me there and brings me back.

## BUILD A WALL AROUND TOWN

W. A. Scott Stirs up Interest in Civic Matters by Suggesting that We Shut Ourselves in.

Mr. W. A. Scott, of the Tazewell Manufacturing Company, makers of Wascott Ginger Ale, was the "feature" of the meeting of the Tazewell-North Tazewell Board of Trade in the Court House last Friday night. The meeting was called to take up the question of roads, schools and other matters needing attention. President John E. Jackson and Secretary L. A. Tynes, with about fifteen or twenty others, were present. Dr. Jackson called the meeting to order and had his secretary state the object of the meeting. One of the speakers referred to the lack of public spirit in the town and community, and gave Mr. Scott an opportunity to express himself, to unobscure himself of some things that had been in his system for sometime. He said that instead of building roads to Dry Fork, making the town attractive to outsiders and business that are so evident to those with vision it would be better to build a high cement wall around the town, keep outsiders out, and prevent those of us who are here from escaping. Mr. Scott indulged in this bit of irony as expressive of the feeling of many people regarding civic pride and the public good. For fear that some of the persons present might think he meant what he said, he explained his real feeling in matters of public good by advocating strongly the construction of the proposed county road to meet the McDowell county road, and urged that the building of the road begin at once. The Board of Trade has requested that a meeting of those interested in this road will be held next Monday night, when Supervisor John D. Peery, of the Jeffersonville district, has been invited to be present, and express himself on the prospect of the road being built at once. Many people think that fine prospects for business for the two towns is offered in the building of this road, and that it should be constructed.

Other matters vitally affecting the interests of the two towns and communities were discussed, among the most important of which was the inadequacy of the Tazewell High School to meet the demands now being made by the large enrollment of pupils. A larger building will have to be erected in the very near future. Prof. A. S. Grever, county Superintendent, and Principal R. W. Bobbitt, of the Tazewell High School, made some illuminating remarks on the crowded condition of the public school.

Other speakers in the meeting were H. E. Harman, Dr. Isaac Peirce, John S. Bottimore, and C. T. Peery.

While the Bank of Clinch Valley announces the inauguration of a new policy, namely, that of paying INTEREST ON TIME CERTIFICATES OF DEPOSIT, let it be understood that it does not mean any change in the strict adherence to those conservative principles of banking which have always distinguished this institution, since its foundation over THIRTY YEARS ago.
